NASWA Program Analyst - Sept 2020

September 22, 2020

The Program Analyst works within the UI Integrity Center, and reports to the IDH Sr. Program Analyst. The Program Analyst will be responsible for leading the Center's efforts to: deploy, integrate, enhance, and support the Data Hub framework and IDH application in multiple states. The Program Analyst will work closely with UI State representatives, Integrity Center State Liaisons, IDH Project Manager, Sr. Solution Architect, and other members of the project team to meet project objectives.
