

Sagitec: Unemployment Insurance Tax and Benefits Solution

January 28, 2021

Comprehensive Unemployment Insurance Solution Built on an Evolutionary Software Platform

Sagitec presents Neosurance™ – a fully integrated, browser-based solution providing comprehensive functionality for Unemployment Insurance (UI) Tax and Benefits administration. Neosurance™ can be configured to match any particular set of UI benefit programs or business processes and is easily tailored to meet your unique needs without complex software programming. Even better, the Neosurance™ solution is built atop Sagitec’s software Framework, meaning it has unprecedented flexibility to evolve along with your organization, incorporating new features and functions as you see fit.

Neosurance™ was designed by industry veterans to dramatically improve every aspect of your UI agency. It helps you consolidate relevant UI information for better decision making. It delivers more accurate and timely data to improve business processes. It enables comprehensive self-service features to reduce paper processing. And it reengineers business processes to reduce cost and improve agency performance.

You’ll discover that using Neosurance™ is as straightforward as it gets. Everything from adding new benefit programs, changing business rules, affiliating agents with employers, registering employers and agents, submitting wages, making payments, submitting claims, and managing workloads can be done by business staff and administrators.
