2022 Veterans Conference Feedback Infographic

December 23, 2022

The National Association of State Workforce Agencies held its ninth annual Veterans conference June 28-30, 2022. It was great to gather in person again for the first time in three years! In addition to four keynote speakers, the event included an employer panel, five other plenary speakers, 18 different workshops and presentation of the Mark Sanders Award for excellence. A survey was sent to all registered attendees following the conference, and 202 people responded, or 45.8%.
