The National Association of State Workforce Agencies (NASWA) is proud to present the first-ever State of the Workforce Report. As the national organization that supports the workforce agencies in every state, we know that much of the workforce success throughout the country is led by the frontline workers in these state agencies. They are managing the programs and tools that help connect job seekers to training, education and career opportunities.

In August 2018, the two of us met together to discover a way to highlight the uniqueness of every state and the innovations taking place to serve the workforce. Every state is set up differently in how they manage workforce programs. Yet each state works to accomplish the same thing in supporting their citizens with every opportunity to become self-sustaining. Our vision came together in this first ever NASWA State of the Workforce Report.

Every state will be highlighted with the latest year’s key labor market information and workforce agency profile. In addition, each state had the opportunity to feature “State Innovations” to demonstrate unique programs they are implementing to further support the local labor force.

We applaud every state in the union and more specifically the workforce agencies in each state. They are the boots on the ground, the partners in the community and the innovators that are striving to build each state’s workforce to support the economic success we are striving for.

Please utilize this report as a tool for better understanding, but you don’t need to stop there. If you see something you find interesting and want to learn more, contact the state workforce agency and start a conversation.

We appreciate representatives from every state who worked to put this report together. We are excited to see how it will be received and how it will evolve over the years to showcase the work that is happening in every state to support the workforce.

Sincerely,

Scott B. Sanders
Executive Director of NASWA

Jon Pierpont
NASWA Board President
Executive Director of Utah’s Department of Workforce Services

Jon Pierpont
Scott B. Sanders

NATIONAL EXECUTIVE SUMMARY

U.S. state workforce agencies enhance workforce development through innovation

The National Association of State Workforce Agencies’ (NASWA) 2019 State of the Workforce Report is the first-of-its-kind data compilation from the nation’s state workforce agencies. Showcasing key innovations from across the country, this comprehensive guide illustrates the work of our 50 states, the District of Columbia and Puerto Rico.

Each workforce profile includes:

- Labor force data
- Educational attainment data
- Key workforce industries
- Programs and services
- Total individuals served
- Unemployment data
- Number of American Job Centers
- State workforce innovations

The synopsis provided by each state workforce agency provides a snapshot of available resources, workforce data and the creative strategies developed by each state to improve the economic outlook for both businesses and workers.

NATIONAL INSIGHTS

Serving as the voice of state workforce systems, NASWA engaged all states to compile this resource in order to better tell the story of the workforce system in our country.

By the Numbers

2,548+ American Job Centers | 11 programs administered by state workforce agencies on average

Top 5 National Key Industries

- Construction
- Professional and Business Services
- Manufacturing
- Education and Health Services
- Leisure and Hospitality

Workforce Governance

Governance of the public workforce system drives how states deliver services.

40 states have local regions where many workforce services are delivered

10 states deliver workforce services directly at the state level
STATE INNOVATIONS

NASWA provides the forum and tools to support collaboration among states to share best practices and proven strategies to help create efficiencies and successfully advance the national and state workforce system. As a result of this collaboration and strategy sharing, states have developed and implemented new, innovative strategies to deliver training, employment, career and business services, serving more than 12.1 million individuals.

Innovation Highlights
The following examples highlight a few of the 130+ state workforce innovations developed to invest in the success of both employers and jobseekers. See each state workforce profile within this report for additional innovations.

EDUCATION & RE-SKILLING
Montana: Become an Alum focuses on re-enrolling former students, who did not obtain a degree or credential, in areas of study with a high workforce demand.
New Jersey: Apprenticeship Network promotes a new path for state residents to enter high-skilled careers through paid apprenticeships that often include college credit.

VETERANS
Tennessee: The Campbell Strong Job Center is a specialized AJC that works with Ft. Campbell soldiers transitioning out the Army. A dislocated worker grant provides the former soldiers funding for career training.
Maine: Hire-A-Vet Campaign started in 2015 with the goal of having 100 Veterans hired by 100 employers in 100 days. In 2018, 191 employers signed on and 286 Veterans were hired during the campaign.

RE-ENTRY
California: Prison to Employment Initiative links education, job training and work experience in prisons to post-release jobs and serves as a blueprint for workforce and community partnerships to improve labor outcomes and reduce recidivism.
Wisconsin: Reentry Job Services help former offenders transition back into the workforce and reduce recidivism by offering one-stop services in correctional institutions to assist inmates in securing training and/or employment prior to release.

LABOR MARKET INFORMATION
Colorado: Pathways to Meaningful Careers connects individuals to industry-validated career pathways and up-to-date labor market information, allowing individuals to make informed choices on education, training and careers.
Pennsylvania: Data Sharing increases the provision of proprietary data across state agencies and with local government entities to improve program efficiencies and to advance workforce and economic development research endeavors.

WORKFORCE INVESTMENTS
New York: Workforce Development Initiative is a $175 million investment supporting strategic regional efforts that meet businesses’ workforce needs, improve regional talent pipelines, enhance the flexibility and adaptability of local workforce entities and expand apprenticeships.
South Carolina: Transportation Demonstration Grants address the lack of public transportation prohibiting access to employment and training opportunities. More than $500,000 was invested to support the development of extended routes to provide access to local technical colleges, adult education centers, industrial parks and businesses.

UNEMPLOYMENT INSURANCE
Kansas: The My (RE)Employment Plan connects unemployment recipients at the midpoint of their claim to a personalized job search assistance at their local American Job Center.
Mississippi: Moving Ahead – In the Cloud. Mississippi was the first state to have their UI online services become cloud-based. They led five other agencies forming the application system.

This comprehensive, first-of-its kind report highlights the creative ways the public workforce system connects jobseekers and employers on a state and national level. This report shows the uniqueness of each state and amplifies the impact workforce agencies have throughout the country. As the laboratories of innovation, states continue to develop new strategies to serve our national workforce. Future years’ reports will continue to showcase the creativity in connecting jobseekers and employers and work toward providing self-sustaining employment outcomes.
The LMI Division began a series of training events throughout the state, focusing on workforce development partners, employers, and two year colleges to introduce LMI data and how to interpret it.

ALABAMA DEPARTMENT OF LABOR

Programs within Agency

• Federal Bonding Program
• Foreign Labor Certification (H-2A and H-2B)
• Labor Market Information
• Reemployment Services and Eligibility Assessments (RESEA)
• Trade Adjustment Assistance
• Unemployment Insurance (UI)
• Veterans Employment and Training Services
• Wagner-Peyser (WP)
• Work Opportunity Tax Credit
• Workers’ Compensation
• Workforce Innovation and Opportunity Act (WIOA)
  – Adult (A)
  – Dislocated Worker (DW)
  – Youth (Y)

WIOA Core Programs: Administering Agencies

• Alabama Department of Commerce, Workforce Development Division (WDD) — Administers WIOA (A, DW, Y) programs
• Alabama Department of Postsecondary Education — Administers Adult Education (AE) and Family Literacy programs
• Alabama Department of Labor, Employment Services Division — Administers WP programs
• Alabama Department of Vocational Rehabilitation — Administers Vocational Rehabilitation (VR) programs

Approval of Apprenticeships

• State run

Local Regions Governance

• Local entity oversees workforce personnel and training

STATE WORKFORCE INNOVATION: ADVANCED MANUFACTURING TECHNICIAN APPRENTICESHIP PROGRAM (AMTAP)

ADOL worked with a major employer to develop the AMTAP to enroll jobseekers into specific training to obtain recognized certifications while working with the employer for wages, with the end goal of a full-time job offer with benefits and higher salary.

To learn more, visit labor.alabama.gov/news_feed/News_Page.aspx?id=93.

STATE WORKFORCE INNOVATION: PRISONER RE-ENTRY INITIATIVE

Career Centers in West Alabama are partnering with an employer to put recently incarcerated individuals to work by using OJT reimbursements to fund housing, transportation, and other costs when they leave prison.

To learn more, visit westalabamaworks.com/prisoner-re-entry-initiative/.

Single State Governance
- State Agency oversees workforce personnel and training

**STATE WORKFORCE INNOVATION: ALASKA CONSTRUCTION ACADEMY**

Provides construction-related career awareness and training followed by immediate employment, registered apprenticeship, or post-secondary technical education training, resulting in employment in the construction industry and providing employers with a cadre of trained Alaskans.

To learn more, visit labor.alaska.gov/dets/aca.htm.

**STATE WORKFORCE INNOVATION: APPRENTICESHIP, BEHAVIORAL HEALTH TECHNICIAN**

Alaska created a registered apprenticeship to satisfy the high demand for Behavioral Health Technicians, a demand exacerbated by limited training available in the state. This apprenticeship utilizes on-the-job learning, online and in-person related instruction.

STATE WORKFORCE INNOVATION: ARIZONA MANAGEMENT SYSTEM

Arizona implemented a results-driven management system that focuses on customer value and improved client outcomes. The system is based on Lean principles that drive continuous improvement and engage employees to improve productivity, quality and service.

To learn more, visit ams.az.gov.

STATE WORKFORCE INNOVATION: ARIZONA REENTRY PROGRAM

The Arizona Reentry Program provides pre-release workforce services to inmates deemed most likely to recidivate to prepare them for employment. Through the Second Chance Centers, over 1,500 formally incarcerated have been placed in employment.

STATE PROFILE

STATE WORKFORCE INNOVATION: OUR HOUSE WORK EXPERIENCE PROGRAM

The state approved a work experience program that funds a partnership effort between the Our House homeless shelter and the Little Rock Workforce Development Board. Thirty homeless or near-homeless clients obtain work experience at one of Our House’s two “resale stores.”

To learn more, visit ourhouseshelter.org/category/news.

STATE WORKFORCE INNOVATION: BUSINESS ACTIVITY BY AREA

Arkansas’ business activity tool uses Tableau to show the impact from expansions, business openings, layoffs and closures. A user can identify areas of the state affected by openings and expansions versus closures and layoffs.

To learn more, visit discover.arkansas.gov/employment/business-activity-by-area.

STATE WORKFORCE INNOVATION:
REGISTERED PRE-APPRENTICESHIP PROGRAM

CT’s expanding student Registered Pre-Apprenticeship program benefits employers by accelerating necessary training and developing talent to provide well-prepared workers for industries seeking skilled workers. Pre-Apprenticeship allows career exploration to take place not just in schools, but on the job, with credit hours put toward a Registered Apprenticeship. Upon graduation, a Pre-Apprentice can carry up to 2,000 hours of on-the-job experience into their Registered Apprenticeship.

STATE WORKFORCE INNOVATION: APPRENTI LOUISIANA AND ANGOLA WELDER/PIPEFITTER PROGRAMS

The “Apprenti Louisiana” Registered Apprenticeship program is an LWC-funded initiative that provides in-demand and industry-recognized information technology (IT) training for accepted program participants to become analysts in the cybersecurity or information security field. The Angola Welder/Pipefitter Registered Apprenticeship program is a collaborative effort among the LWC and other statewide agencies to provide re-entry education and career opportunities for “short-term” inmates at the Louisiana State Penitentiary at Angola.

To learn more, visit laworks.net/PublicRelations/PR_PressReleaseDetails.asp?SeqNo=2368&Year=2019&Month=5 and laworks.net/PublicRelations/PR_PressReleaseDetails.asp?SeqNo=2264&Year=2018&Month=7.

STATE WORKFORCE INNOVATION: UTILITY LINE WORKER TRAINING PROGRAM

The Utility Line Worker Training Program is an LWC-sponsored initiative aimed at providing a high-wage family-sustaining career through education of industry-recognized utility worker training. To date, all accepted applicants have graduated from the program.

To learn more, visit laworks.net/PublicRelations/PR_PressReleaseDetails.asp?SeqNo=2382&Year=2019&Month=6.

STATE WORKFORCE INNOVATION: BECOME AN ALUM

MTDLI has partnered with our Montana University System to re-engage former students who left in the past five years without obtaining a degree or credential. “Become an Alum” is focused on re-enrolling individuals in areas of study where there is high workforce demand.

To learn more, visit montanaworks.gov/finish-your-degree.

STATE WORKFORCE INNOVATION: FUTURE READY

Governor Steve Bullock set a goal to increase the number of Montanans with a college degree, certificate or credential. This led to the creation of the “Future Ready” initiative, with policy and strategic changes to significantly increase attainment levels.

STATE WORKFORCE INNOVATION: NORTH CAROLINA FOR MILITARY EMPLOYMENT (NC4ME)
A public-private partnership that educates businesses on the value of hiring a military workforce and conducts hiring events that match veterans, transitioning service members and military spouses with employers.

To learn more, visit nc4me.org.

STATE WORKFORCE INNOVATION: UNEMPLOYMENT INSURANCE MODERNIZATION PROJECT
In September 2018, the Division of Employment Security successfully implemented a new modernized unemployment insurance computer system. This was our first replacement in over 35 years and we successfully joined our consortium partner, South Carolina.

STATE WORKFORCE INNOVATION: TRANSPORTATION DEMONSTRATION GRANTS

More than $500,000 was invested to address the lack of public transportation, prohibiting access to employment and training opportunities. Extended routes will provide access to local technical colleges, Adult Education centers, industrial parks and businesses.

To learn more, visit dew.sc.gov/news-details-page/2018/05/18/board-awards-transportation-grants-to-six-workforce-development-areas.

STATE WORKFORCE INNOVATION: CONNECTION POINT

In a rural initiative, the agency’s mobile unit is visiting remote areas to take services directly to job seekers and create a “Connection Point,” providing access to computers and tools to address barriers that challenge employment.

STATE WORKFORCE INNOVATION: SECTOR STRATEGIES AND CAREER PATHWAYS ACADEMY

To better align and coordinate the activities of the five state agencies administering WIOA programs, the commonwealth has created a Sector Strategies and Career Pathways Academy. The academy’s curriculum is online and available to all WIOA and non-WIOA workforce professionals.

To learn more, visit [sscpa-va.com](https://sscpa-va.com).

STATE WORKFORCE INNOVATION: COMMON INTAKE PORTAL

Virginia is in the final stages of development of its Common Intake Portal, which will permit workforce system customers to register once for access to become eligible for all workforce programs appropriate for them.

STATE WORKFORCE INNOVATION: WORKFORCE DASHBOARD

Virginia is in the midst of developing interactive Workforce, System Performance and Fiscal dashboards that should be available to workforce professionals and the public within the next year.

This inaugural State of the Workforce report is dedicated to
Curt Eysink and Larry Temple

Curt Eysink, who tragically passed in 2017, was actively involved in NASWA during his time as the Executive Director of Louisiana Workforce Commission from 2009 – 2016. Curt also served as President-Elect and President of the NASWA Board of Directors during that time. During the December 2014 strategic planning process, Curt was adamant about NASWA producing a report on the state of the workforce to tell the story of all the positive work that is accomplished by the public work system.

Larry Temple, who passed in early 2019, was the mentor of many state agency leaders and a constant champion for the public workforce system. Larry was the Executive Director of the Texas Workforce Commission from 2004 – 2019. Larry served as President-Elect, President and Past President of the NASWA Board of Directors for many years and helped guide NASWA in a positive direction.

Curt and Larry worked jointly on many initiatives to improve the delivery and outcomes of public workforce programs. They both left a lasting mark at NASWA and on many state administrators.
