

Grow with Google

# Partner with us to bring digital skills to your community.

Grow with Google helps people across the United States gain digital skills to grow their careers and businesses, and we invite you to join us.

The Grow with Google Partner Program provides access to free resources, workshop materials, and hands-on help from our team.

Visit [grow.google/partners](https://grow.google/partners) to learn more

---

## What does Google provide?

### Resources

Get-started guides, presentation decks with detailed speaker notes, and outreach materials.

### Discussions & Groups

An online forum where partners can connect to share ideas, and inspire each other.

### Workshop Support

Guides for organizing and facilitating digital-skills trainings and access to expert trainers for qualifying events.

### Google Team Access

Grow with Google team members available to answer questions and recommend helpful resources.

Grow with Google has already partnered with thousands of organizations — big and small — in communities across the US. Our partners are organizations that support local communities, including:

- ✓ Libraries
- ✓ Chambers of commerce
- ✓ Downtown associations
- ✓ Small business development centers
- ✓ Workforce development organizations
- ✓ State and local government
- ✓ Schools and universities
- ✓ Veteran-focused organizations
