

JPMorgan Chase is committed to positioning veterans, service members and their families for long-term, post-military success.

Our Office of Military and Veterans Affairs, established in 2011, drives veteran initiatives that are woven into the fabric of how we do business:

Employment. We attract, retain and develop diverse veteran talent through tailored onboarding and development programs.

Entrepreneurship. We support veteran-owned businesses by enabling access to financial services and capital, entrepreneurial development programs and marketplaces.

Workforce Development. We promote the business value of hiring veterans across the private sector and drive modern workforce readiness solutions for transitioning service members.

Veteran Engagement & Outreach. We support veterans in our communities through philanthropic efforts and partnerships with top veteran service organizations.

Fast Facts

- 16,000+ veterans and service members hired across all lines of business and levels of experience since 2011
- More than 700,000 veterans hired by 200+ members of the Veteran Jobs Mission, an employer coalition led by JPMorgan Chase with the ultimate goal of hiring 1 million
- Nearly 50,000 participants enrolled in Onward to Opportunity, a free career training, certification and employment program of the Institute for Veteran and Military Families at Syracuse U., initiated and supported by JPMorgan Chase
- More than \$8 million to support veteran service organizations that offer incubation and paths to capital for veteran-owned small businesses
- More than 1,050 mortgage-free homes—an investment of more than \$200 million—awarded to military families through nonprofit partners as part of the firm's Military Home Awards Program
