QUICK STAND-ALONE DEPLOYMENT FOR DUA

New Income Data Technology Transforming Disaster Relief

Rapid Deployment **of The Steady Tool from Onset of Disaster**

Hurricane Ida struck
8/26

FEMA declared Ida
a disaster
8/29

Louisiana approached Steady
to expedite DUA claims
9/8

Louisiana contracts Steady
9/24

DUA went live
10/12

Eliminated Manual Upload **of Self-Employment Documentation**

Steady enabled claimant proof of self-employment digitally, in minutes, rather than manually upload documents, significantly helping claimants to get their disaster relief quicker and easier.

→ Steady demonstrated its ability to drive expedited benefits distribution to claimants affected by Hurricane Ida, driving both access and equity.

High Utilization **of The Steady Tool by Claimants**

63% claimants who used the Steady tool submitted their report reflecting high utilization and ease of use of Steady's mobile app.

→ In summary, metrics show high claimant usage of the income passport and quicker proof of self-employment, delivered to the State in 3 weeks.

> "
> "Claimants who would normally wait weeks or months, are getting paid in days or even hours."
