Quick Start Guide

Welcome to the NASWA Library! This guide will help you get into the NASWA Library to access resources.

Access NASWA Library

To access the NASWA Library, you will need to create a NASWA account. If you already have an [account](#), simply log into NASWA.ORG and skip to **Go to the NASWA Library**. If you have not previously logged in to the NASWA Library, you will need to create a separate NASWA Library account (see **Create a NASWA Library Account**).

Create a NASWA Account

1. Go to the **NASWA Website**. naswa.org
2. Click the red **LOGIN** button at the top of the screen.
3. Click **“Create new account.”**
NOTE: If you work for a state workforce agency, you should register as a “Member.”
4. Complete form and click **“Add NASWA Account”** to create a NASWA account.
5. While your NASWA account is pending, you may access the unrestricted resources in the NASWA Library.

Go to the NASWA Library

1. From the NASWA Website homepage, click the **“Programs”** menu then click **“Learning & Library.”**
2. Once on the page, click the **“Access Library”** button.

Create a NASWA Library Account (for new users only)

If you are new to the NASWA Library, click **“Login | Register”** on the top right of the screen.

Note: NASWA Library accounts have two levels of permissions. When you first create your account you may see a red lock next to some resources. **These resources have restricted access and you need special account permissions to access them.** As an added security measure Librarians manually review each account before granting permissions to access the restricted resources. Once your permissions have been updated the locks will be green.

Find Library Resources

Once you are in the NASWA Library, you can browse or search for resources.

Browse Resources

To browse resources click on either "**Collections**," "**Browse By**," or "**Highlighted Resources**" from the main menu.
