

Your ONE-STOP RESOURCE for Workforce Development Training

LEARNING

In Partnership with USDOL

INVEST IN YOUR KNOWLEDGE. INVEST IN YOUR STATE.

As the frontline staff maintaining the integrity of our workforce system, your level of knowledge and skills holds a critical role in accomplishing your workforce agency's goals. With the National Association of State Workforce Agencies (NASWA), you have a partner invested in propelling your professional growth and success.

In partnership with the U.S. Department of Labor, NASWA Learning grants you access to an all-new learning management system featuring a comprehensive collection of workforce development trainings for all program areas and levels of expertise.

The enhanced NASWA Learning system makes it easier than ever to hone your skills and take your job performance to the next level.

New features include:

- ✓ Self-paced on-demand or scheduled virtual instructor-led classes
- ✓ Personalized course schedule
- ✓ Intuitive and interactive system
- ✓ Customizable learning profile
- ✓ Searchable catalog
- ✓ Content recommendations based on your interests and job classification

Become Your Best

- > Improve your confidence and job performance
- > Grow professionally
- > Open opportunities for advancement or career change
- > Rise as a future leader within your state workforce agency and beyond

Impact Our Workforce

- > Help your state workforce agency operate more effectively for the people
- > Drive better outcomes for businesses, workers and state economies through best practices

Choose Your Path

Whether serving as a UI, workforce or technology professional, learning paths guide your growth with current and relevant content specific to your area of focus.

The NASWA Learning team of adult education and instructional design specialists, in close collaboration with subject matter experts, develops trainings that reflect the current program environment and the needs of your state workforce agency. Through this agile team of experts, topics adjust as needs arise.

NASWA Learning pathways include topics, such as:

- > Unemployment Insurance Integrity
- > Unemployment Insurance Modernization
- > Benefit Accuracy Measurement (BAM)
- > Workforce System Technology
- > Lower Authority Appeals
- > State Information Data Exchange System (SIDES)
- > Reemployment Services and Eligibility Assessment (RESEA)
- > Data and Business Analysis

You can stay current on trends important to you by enabling notifications as new content becomes available.

Advanced Knowledge at Your Fingertips

Enroll in NASWA Learning today to enhance your skills and build up your resume at no cost. Simply log in with your NASWA account at naswa.org/learning or create one from scratch and begin learning.
